DETAILED ACTION

1. This is in response to the Applicant's Request for continued Examination filed on December 03, 2004 in which claims 15, 26, 46 have been amended. Claims 15-70 are currently pending.

Response to Arguments

2. Applicant's arguments filed on 12/03/04 have been fully considered but they are not persuasive. The double patenting rejection mailed on 6/8/04 has not been mentioned or overcome in the response. Therefore, the double patenting rejection is maintained. The double patenting rejection can be overcome by filing a terminal disclaimer.

Allowable Subject Matter

3. After a further search and thorough examination of the present application and in view of the applicant's arguments and amendments, claims 15-70 would be allowable if overcome the double patenting rejection, set forth in the previous Office action.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
